

My  
Musical  
Instrument  
Book

String

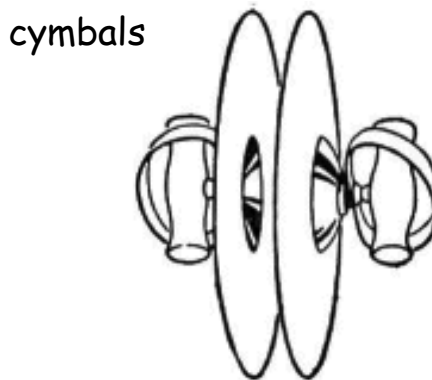

Brass

Woodwind

Percussion

These instruments are for keeping rhythms or making special sounds.

These instruments are long tubes of curved brass. They are played by blowing into a mouthpiece and making air vibrate through the tube to make a sound. You can make different sounds by opening and closing valves or by blowing harder or softer into the mouthpiece.

cornet

trumpet

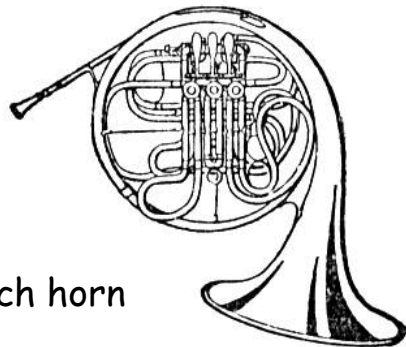

tuba

trombone

French horn

**BRASS**

When the strings on these instruments are bowed, struck, or plucked they create vibrations in the air that you can hear.

harp

violin

guitar

banjo

piano

cello

String

These instruments are played by blowing air through the instrument and either covering or uncovering holes to make different sounds.
